440.000 Folding curtain cupboard

Standard

The dimensions of the standard cupboard are fixed, but the interior can be divided up and arranged as required.

The body is available in light grey, black or white.

Other colours available on request.

400.000 Folding curtain cupboard

Made to measure

The cupboard dimensions are tailored to fit your exact specifications. The interior can be divided up and arranged as required. The body is available in light grey, black or white.

Other colours available on request.

344.000 Folding curtain system shelving unit

Made to measure

The unit can be designed to fit into any niche and consists of aluminium uprights with diagonal galvanized steel braces on easy-move slides. It comes in two standard depths and one width. Apart from this we can supply shelves in any width up to 70. Shelves are available in light grey, untreated MDF or black MDF with colourless varnish. The basic module consists of four uprights and diagonal braces but can be extended simply by adding an extra module with two uprights and diagonal braces.

444.000 Folding curtain front

Made to measure

Complete front made to measure for installation in niches or to cover existing cupboards or other fixtures.

The front is secured with three screws on the left and three on the right.

All dimensions in cm. Prices and specifications subject to change without notice.
