

Aluminium cupboard

380

The container cupboard has a finely corrugated aluminium exterior. Its shape already delineates its functions from the outside: a depth to accommodate clothes hangers and shelves sized for a folded shirt. The container has no top or bottom; it can also stand on its head. Depending on whether the door needs to open to the left or right.

THUT MOBEL

Dimensions of the aluminium cupboard:
height 202, width 74, depth 64 cm

Cupboard carcass in patterned sheet aluminium, shelves MDF black.
Door opens to the left; for a right-opening door, simply remove the adjustable feet from the base and re-affix to the top, then upturn the cupboard.
