

Extendable table

519

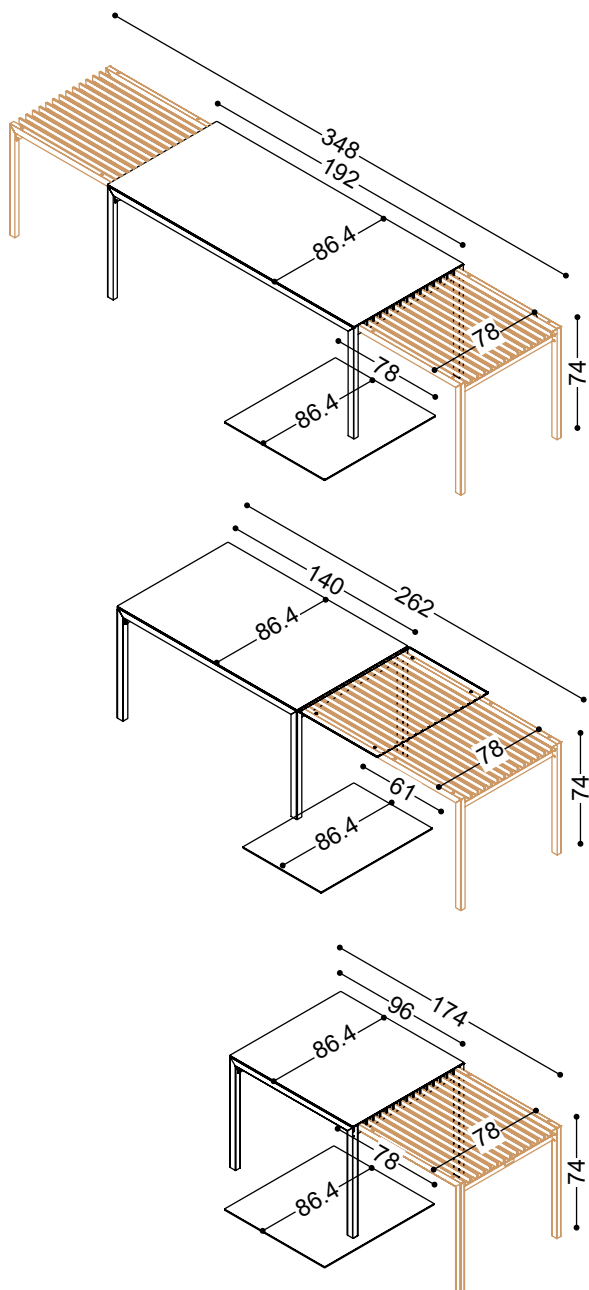

Medium table, black cover sheet (No. 4023 nero)

Table-small, cover sheet beige (No. 4167 mushroom)

Thanks to its ingenious supporting structure, the extendable table is infinitely extendable in length. The table is available in three sizes. The large table is available with one or two pull-outs. When the pull-out is open, the supporting structure can be covered with an additional top leaf. The cover sheet can be pushed in under the table.

The pull-out can be used as a serving or fully extended for additional dining. The largest version creates a banquet table for up to 12 people. A visually simple table with a clever concept.

Dimensions of the extendable table:

Height 75 cm, width 86.4 cm

Table, large with 2 drawers, closed length 192 cm, extended 348 cm

Table, large with 1 pull-out, closed length 192 cm, extended 270 cm

Table, medium with 1 double extension, closed length 140 cm, extended 262 cm

Table, small with 1 pull-out, closed length 96 cm, extended 174 cm

Table top and additional extension leaf made of in-house composite panel made of aluminum, polyethylene and covered with linoleum in the colors black 4023 or on request in all colors of the Forbo Desktop collection.

Substructure and legs in natural oak. Cross connecting parts in aluminum. When the pull-out is fully extended, the corresponding cover sheet can be placed on top and is fixed in place with magnets. The cover sheet of the pull-out can be pushed under the table when not in use.

Large table with two pull-outs, with one pull-out cover sheet green (no. 4174 conifer)

The cover sheets are fixed and positioned using magnets

Supporting structure in natural oak
